Online Financial Transactions

When conducting financial transactions online be on the alert for:

- **Fake emails, WhatsApp or text messages:** These may appear to be from your bank and ask you to click on a link or provide information.
- **Fake websites:** Always log in through your bank's official website or app.
- **Insecure Public Wi-Fi Networks:** Avoid using public Wi-Fi for financial transactions.

Monitor your account regularly for unauthorized activities and report any suspicious transactions immediately.
